II PARTY :

The Chairman,
Karnataka Bank Limited
Head Office,

(By Sri K. S. Bhat, Advocate)

AWARD

In this reference No. L-12012/17/88-D.IV (A) dated 19-5-1988 made by the Hon'ble Central Government in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of Section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the point for adjudication as per Schedule to reference is :-

"Whether the action of the management of Karnataka Bank Ltd., Mangalore, in terminating the services of Shri Mahendra Bijoor, Clerk, w.e.f. 3-2-1987 is justified? If not, to what relief the concerned workman is entitled?"

2. In the claim statement it is contended :—

The I Party Mahendra Bijoor, who was working as a Clerk at Kundur Branch of the II Party Bank was forced to remain absent from 14-12-1986 owing to ill health. Misconstruing the involuntary absence of I Party Bijoor as an act of misconduct, the II Party management initiated disciplinary proceedings against Bijoor in respect of his alleged, unjustified and unwarranted absence. The I Party Bijoor, in view of the circumstances stated herein, reported for duty on 4-2-1987 before office hours at Kundur branch of the II Party. But Bijoor was not allowed to join duty. Later Bijoor was informed a letter dated 16-2-1987 from the Chairman of the II Party that the name of Bijoor had been struck off from the rolls with effect from 3-2-1987 on the ground that Bijoor had voluntarily abandoned his services. This act of the II Party in terminating the services of Bijoor, on the score that he had voluntarily abandoned the services, when the disciplinary proceedings were pending, is malafide. It is obvious that the II Party has terminated the services of I Party Bijoor on the plea of abandonment of employment, apprehending that (II Party) it might not be able to prove the charges against I Party in the disciplinary proceedings. The termination of the services of Bijoor with effect from 3-2-1987 on the ground of abandonment of services by him is illegal and it is against the terms of the bipartite settlement. Therefore, the I Party Bijoor has to be reinstated, with consequential back wages and other benefits.

3. In the Counter Statement the defence set up is :—

The I Party was working at Bunder Branch of II Party at Mangalore. He was transferred to Kundur Branch of the II Party as per memo dated 24-4-1985. He was directed to report for duty on 7-5-85. The I Party went on applying for leave on Medical grounds. Initially, the II Party granted the I Party 30 days half pay sick leave. The I Party was asked to report for duty by 29-5-1985. The I Party again prayed for extension of leave. The I Party, it is obvious was trying to avoid the transfer order on the pretext of illness. The I Party was issued with letter dated 13-6-85 calling upon him to report for duty at Hampanakatta branch where he was on deputation to get himself relieved to enable him to report for duty at Kundur branch. The I Party again wrote stating that he was ill and was unable to report for duty till 30-6-85. The II Party again wrote to the I Party to report the duty on or before 1-7-85. The I Party was directed to appear before Bank's Doctor. The I Party appeared before the Bank's Doctor and the Doctor has issued a certificate that the I Party was hale

and healthy. The II Party again wrote a letter dated 15-7-1985 to the I Party calling upon him to report for duty immediately, failing which further action would be taken. The I Party did not turn up to report for duty. The II Party again wrote letter dated 2-9-85 directing the I Party to report for duty immediately. Again the I Party sent a leave application, enclosing a medical certificate. In the letter he stated that he was fit for reporting duty on 21-9-85. Again the I Party wrote letter praying for further extension of sick leave from 1-10-85 to 15-10-85. The I Party went on extending leave from time to time, producing false medical certificate.

4. Since the I Party was trying to avoid the transfer order, the II Party issued a memo dated 10-3-86 that his absence was treated as unauthorised and if he does not report for duty appropriate action would be taken. But by letter dated 6-4-1986 the I Party again prayed for extension of leave for one month on medical grounds. In view of the adamant attitude of the I Party to remain absent, the II Party issued charge sheet dated 16-4-1986. The I Party again prayed for extension of leave by letter dated 30-4-86. By letter dated 6-5-86, I Party again prayed for extension of leave by one month. This was rejected by the II Party by letter dated 20-5-86.

5. The II Party, by its letter dated 5-9-86, called upon the I Party to report for duty within 30 days failing which action will be taken and it would be presumed that the I Party had voluntarily retired from service. This notice has been served on I Party on 6-9-86. By letter dated 27-9-86, the I Party stated that he had reported for duty at Kundur on 27-9-86 with a medical certificate dated 26-9-86 and prayed for extension of leave from 24-2-86 to 29-6-86. Again the I Party prayed for extension of leave upto 13-10-86. By letter dated 9-10-1986 the II Party informed the I Party that the leave prayed for was rejected and his absence was treated as unauthorised. Again the I Party wrote praying for extension of leave upto 14-10-86. The II Party informed the I Party through letter dated 21-1-86 that his leave application was rejected. The I Party again prayed for extension of leave by one month. The II Party again informed the I Party in writing that the leave prayed for was rejected and his absence was treated unauthorised.

6. By letter dated 29-12-86 the I Party was again called upon to report for duty within 30 days as per clause (2) of bipartite settlement. The I Party did not report for duty within 30 days. The II Party issued a charge sheet dated 23-1-1987 to the I Party in respect of his unauthorised absence continuously from 29-5-1985.

7. Since the I Party did not comply with the notice dated 29-12-1986 calling upon him to report for duty within 30 days, he was issued with a letter dated 16-2-1987 informing him that his name had been struck off with effect from 3-2-87 as per clause 2 of Bipartite Settlement. In view of this order further action was not taken in pursuance of the charge sheets dated 6-4-86 and 23-1-87. The action of the II Party in striking off the name of the I Party is legal and justified.

8. If or any reason the Tribunal were to hold that the action of the management in striking off the name under bipartite settlement is not proper and legal, in the alternative, the II Party may be given an opportunity to prove the charges alleged against the I Party, viz., unauthorised absence and production of medical certificates. The termination of the service of the I Party is legal and bona fide. The I Party was given sufficient opportunities to report for duty. The I Party has deliberately avoided by producing false medical certificates for reporting for duty. The reference has to be rejected.

9. My learned predecessor has framed the following issues on 26-12-1988 :

- (1) Whether the II Party proves that it was justified in striking off the name of the I Party employee with effect from 3-2-1987 as per the provisions of the Bipartite settlement, as contended in Para 4 of the counter statement?

(2) Whether the II Party is entitled to plead and prove that in the alternative, the I Party employee committed acts of misconduct, as shown in the charges levelled against him ?

(3) If issue No. 2 is in the affirmative, whether the II Party proves that the I Party employee committed acts of misconduct, as shown in the charges levelled against him ?

10. On behalf of the II Party Bank two witnesses MW-1 and 2 have been examined. MW-1 Prasanna Bhat V is the personal Manager. MW-2 Prabhakara Rao is the Doctor. On behalf of the I Party, the I Party himself has got examined.

11. I will take up issue No. 1 first. Exhibit M-69 is the notice issued to the I Party by the II Party calling upon the I Party to report for duty within 30 days from the receipt of the notice. It has been stated in Exhibit M-69 that in case the I Party failed to report for duty within 30 days, it would be deemed that he had voluntarily retired from services of the Bank and that his name would be struck off from the roll after expiry of the period of 30 days. This notice as per Exhibit M-69 has been issued by the II Party to I Party in view of clause 16 of the 4th bipartite settlement. On that ground that the I Party had no present intention of joining duties.

12. The notice Exhibit M-69 has been served on the I Party as per postal acknowledgement receipt exhibit M-70 on 5-1-87 (it is admitted that the date of service mentioned as 5-1-86 in exhibit M-70 is a mistake) is admitted by both the learned counsel.

13. It bears repetition. The notice Exhibit M-69 has been served on the I Party on 5-1-86. It is further admitted that the I Party reported for duty on 4-2-87, but was not taken on duty. The II Party, holding that the I Party had not reported for duty within 30 days as stipulated in Exhibit M-69 and the 4th bipartite settlement clause 16, struck off from the rolls of the Bank the name of the I Party with effect from 3-2-87 after office hours as per order and office memo Exhibit M-79.

14. I have already stated that the notice calling upon the I Party to report for duty was served on the I Party on 5-1-87 and that the I Party reported for duty on 4-2-87 but was not taken on duty. The learned counsel for the II Party has argued that I Party was not taken on duty on 4-2-87 because 30 days stipulated in Exhibit M-69 had expired. It is contended by the learned counsel for the I Party that the 30 days stipulated in Exhibit M-69 had not expired and that I Party reported within 30 days and the II Party has illegally requested to take him on duty and so the striking off the name of the I Party from the rolls of the Bank as per clause 16 of 4th bipartite settlement is illegal.

15. Now the point for consideration is whether the I Party reported for duty within 30 days or not ? It is obvious that the II Party, while counting 30 days has taken into consideration 5-1-87 also. If 30 days is counted from 5-1-87 to 3-2-87, it comes to 30 days. The I Party reported on 4-2-87. In view of this it is contended on behalf of the II Party the I Party reported for duty after 30 days. It is contended by the learned counsel for the I Party that while counting 30 days 5-1-87 should be excluded. If the argument on behalf of the I Party is accepted, it means that the I Party who reported for duty on 4-2-87, reported on the 30th day and so he should have been taken on duty. It is argued by the learned counsel for the I Party that action of the II Party in not taking the I Party on duty when he reported on 4-2-87 is illegal.

16. What clause 16 of the 4th bipartite settlement says is that the employee should report for duty within 30 days of the notice. It has been laid down in AIR 1966 Patna 297 equals 19 Bl JR 563 that in construing the words "within a certain period" used in statutes the date from which the period is to be counted should be excluded. It has been laid down in AIR 1970 Bombay page 1, equals 71 Bombay LR (DB) that in computation period of 15 days

indicated by "within 15 days," the date of declaration should be excluded. It has been laid down in AIR 1965 Orissa page 71 equals 20 Cuttack L.T. 271 that the expression "within 15 days", means 15 clear days. It the period commence on 10th October 1962, the first date (10th October) must be excluded in counting the 15 days period.

17. In view of the law laid down by the authorities cited above, I am of opinion, 5-1-87, the date on which the I Party was served with notice should be excluded while counting 30 days. If 5-1-87 is excluded the I Party who reported for duty on 4-2-87, reported for duty on the 30th day and the second party was bound to take him on duty. In not taking him on duty on 30th day the II Party has committed illegality.

18. The learned counsel for the II Party relied on AIR 1969 Patna page 310 (Mr. Natho v. Sital Prasad) wherein it has been laid down at para 3 at page 311 that 15 days will be from the date of the receipt of the notice. In this case, rendered under T.P. Act, Section 106, the Patna High Court was interpreting the phrases "beginning with" and "ending with". The phrase ending with or beginning with is not found in clause 16 of the bipartite settlement. The authority of the Patna High Court is not applicable.

19. For the aforesaid reasons, I am of the opinion, the I Party reported for duty within time, i.e. on the last day (30th day) and he should have been taken on duty by the II Party. The II Party was not justified in striking off the name of the I Party with effect from 3-2-87. The order as per memo exhibit M-79 is illegal. The I Party is entitled to reinstatement.

20. In view of the above conclusion, I have not gone into the aspect whether the I Party had no present intention to join duty.

21. It is argued by the learned counsel for the II Party that even if issue No. 1 is held against II Party, the II Party is entitled to plead and prove in the alternative that the I Party committed the act of misconduct.

22. Evidence has been adduced by the II Party regarding the second issue also.

23. The point for consideration is whether this Tribunal, having held issue No. 1 against the II Party, can permit the II Party to plead and prove in the alternative that the I Party committed act of misconduct as shown in the charge sheet Exhibit M-44, and M-72.

24. The learned counsel for the II Party relied on 1973 Lab. I.C. page 851 (Workmen of F.T. and R. Co. v. The Management). It has been laid down by the Supreme Court at page 362 that it is open to the employer to adduce evidence for the first time justifying its action and it is open to the employee to adduce evidence contra. It is clear from the observations of the Hon'ble Supreme Court at para 27(5) that the employer can adduce evidence for the first time justifying its action only if the impugned order is one of dismissal or discharge. Secondly, as is clear from para 27(6) at page 363, the Tribunal gets jurisdiction to consider the evidence before it for the first time in justification and the action taken only, if no enquiry has been held or after the enquiry conducted by the employer is found to be defective.

25. The II Party has issued two charge sheets to the I Party with a view to holding domestic enquiries. The first charge sheet is exhibit M-44. The I Party has even replied to the charge sheet as per Ex. M-45. Exhibit M-72 is the second charge sheet issued to the I Party. The present reference relates to striking off the name of the I Party on the ground that the I Party had no present intention of joining duties and had voluntarily retired from the services of the II Party. This is not a case of discharge or dismissal. Secondly, the II Party having issued charge sheet and the I Party having given reply to it, it means that that the enquiry was half-way through, the II Party cannot request the Tribunal to allow it to justify its action. The conduct of the II Party does not amount "to adduce evidence for the first time". For these reasons, I am of opinion,

that the authority of the Supreme Court relied on behalf of the II Party is not applicable. The II Party cannot be permitted to take up the alternative plea. It is open to the II Party to complete the enquiry in pursuance of the two charge sheets and take appropriate actions, if called for. I hold issue No. 2 against the II Party. In view of this conclusion Issue No. 2, issue No. 3 does not survive for consideration.

25. This award shall not prejudice the rights of the parties in respect of the two charge sheets. Without expressing any final opinion, it appears from the material on record that the I Party was frequently remaining absent and sending medical certificate, presumably to avoid transfer. So this is not a fit case in which back wages should be awarded.

27. All other documents and evidence not referred to by me are not relevant. In any case they do no alter my conclusion reached above.

28. In the result, I pass the following :—

AWARD

The striking off the name of the I Party as per Exhibit M-79 from the rolls of the II Party Bank is illegal. Accordingly it is set aside. The II Party is directed to take I Party on duty and reinstate him. No back wages. Award passed as stated herein.

(By Sri C. M. Nagabushan, Advocate)

AWARD

In this reference No. L-12012(66)/88-D.III (A) dated 29-12-1988, made by the Hon'ble Central Government in exercise of the powers conferred by clause (d) of sub-Section (1) and sub-section (2-A) of Section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the point for adjudication as per Schedule to reference is :—

“Whether the management of State Bank of Mysore, Bangalore is justified in denying Shri B. R. Lakshmana Sastry, temporary employee permanent absorption in the services of the Bank and also stopping him from work w.e.f. 18-1-88 ? If not, to what relief the said workman is entitled ?”

2. The case of the I Party as per claim statement is :—

The I Party workman was appointed as a Peon in the II Party Bank in 1972. He was appointed to a substantive vacancy. But his services were treated as temporary. The services of the I Party were not regularised. The services of the I Party were arbitrarily terminated with effect from 18-1-88. The I Party has worked for 276 days from June 1972 to September, 1981.

3. The II Party management invited application for recruitment of subordinate staff cadre appointment of temporary employees. The persons who are similarly situated like the I Party workman were also called for interview for considering their cases for regular absorption in permanent posts. The I Party did well before the selection committee. The I Party was not considered for permanent absorption. The action of the selection committee of the II Party Management in not considering the I Party for permanent vacancy is illegal. The termination of the services of the I Party is also illegal. The II Party has practised unfair labour practice. The II Party has not followed the law laid down by the Supreme Court in AIR 1987 SC page 2342. The I Party is entitled to be appointed to the regular post of Peon, respectively. He is entitled to arrears of salary, back wages etc.

4. In the counter statement the II Party has contended :—

The services of the I Party under the II Party was purely temporary. At no time as the I Party worked continuously for more than 8 or 10 days in a month. In terms of understandings with State Sector Bank Employees Association (SSBEA) Agreement during 1985, all the candidates including the I Party who had served a minimum 90 days as on 30-10-1984 were called for interview. The interviews were held during 1986 for absorption of temporary employees in the subordinate staff cadre. The Bank absorbed to its subordinate staff cadre as many as 367 candidates after interviewing 1,639 candidates. The I Party also appeared for the interview but was not found suitable for selection. Only those who were found suitable were selected.

5. It is not true that the I Party has worked for more than 270 days. The I Party has temporarily worked for a period of 276 days from 1972 to 1981. But the other allegations are all false. It is not true that the I Party was not considered though he did well before the selection committee for permanent absorption. The I Party was not found suitable. Hence, he was not given appointment. The I Party has made reckless allegations. The decision of the Supreme Court relied on by the I Party in para 10 of the Claim statement is not applicable to the facts of this case. The selection was not on seniority basis.

6. As could be seen from the order sheet dated 3-4-89, my learned predecessor has rightly observed that no additional issue arises in view of the schedule to the reference.

7. On behalf of the II Party Paramashivappa MW-1 Manager of State Bank of Mysore has been examined. On behalf of the I Party he has got himself examined and closed his case. On behalf of the I Party, the learned

counsel for the I Party had submitted their written arguments. I have gone through the written arguments.

8. The point that arises for consideration in this reference has been concluded by the decisions of our Hon'ble High Court.

9. The I Party has stated in his evidence that he worked for 240 days from 1972 to 1986. It is obvious that he has not worked for 240 days continuously in any year. What he has stated in his evidence is that he cannot say for how many days in each year from 1972 to 1986 he has worked. The I Party had produced annexure along with the claim statement. This has been marked in cross-examination as Exhibit W-5. It is abundantly clear from Exhibit W-5 that in no year has the I Party worked continuously for 240 days. The I Party has stated in his evidence that he received the interview letter as per exhibit W-1. It is obvious that the selection committee has not selected, after the interview the I Party for permanent absorption.

10. It bears repetition. The I Party was working temporarily under the II Party. The case of the I Party is that he was not considered by the selection committee for permanent absorption.

11. The case of the II Party is that the selection committee constituted by the II Party Bank for absorption of temporary employees, absorbed 367 candidates after interviewing 1639 candidates. The I Party who appeared for the interview was not found suitable for permanent absorption and hence he was not selected.

12. The learned counsel for the II Party has produced the certified xerox copy of the order passed by our Hon'ble High Court in writ petition No. 16966-16970/87 (D.D. 19-11-1987) I have carefully and respectfully read the decision of our Hon'ble High Court in this writ petition. These writ petitions were filed by five writ petitioners similarly placed like the present I Party, challenging the selection made by the II Party selection committee. These writ Petitioners who were working temporarily in the II Party Bank were not selected for permanent absorption. All the contentions urged on behalf of the present party at present in the present reference, were urged before our Hon'ble High Court. His Lordship the Hon'ble Mr. Justice M. P. Chandrakantaraj Urs, was pleased to reject all the contentions. His Lordship was pleased to hold that all the persons who were interviewed were temporary employees and there was no unequal treatment of equally placed persons. There was no violation of Article 14 and 16. His Lordship was pleased to hold that merely because that some temporary employees had longer service than some of those who were selected is not a ground to strike down the selection for permanent absorption made by the selection committee from among the temporary employees. His Lordship was pleased to dismissed the writ petitions filed by the 5 temporary employees, similarly placed like the present I Party in this reference.

13. The learned counsel for the II Party has produced the certified xerox copy of the judgment passed by our Hon'ble High Court in Writ Appeal Nos. 2539 to 2543 of 1987 (D.D. 15-11-90), wherein the order passed by our Hon'ble Single Judge in writ petition Nos. 16966 to 16970/87 was challenged in Writ Appeal. Their Lordships the Hon'ble Mr. Justice Rama Jois and the Hon'ble Mr. Justice M. M. Murhe were pleased to confirm the order passed by the Hon'ble Single Judge the Hon'ble Mr. Justice M. P. Chandrakantaraj Urs and dismissed the Writ Appeal of the 5 petitioners, who were placed similarly like present I Party. Their Lordships have been pleased to notice the contention on behalf of the temporary employees that the persons who had worked on temporary basis for 90 day or more were called for interview by the selection committee for permanent absorption. Their Lordships have been pleased to notice that about 1600 old employees, were called for interviews for 367 vacancies. In para 7 of the judgment their Lordships have been pleased to observe that all the persons who have put in more than 90 days of service had been called for interview and the committee had awarded marks having due regard to the criteria laid down by the Bank. The list of selected candidates was prepared according to the marks secured. Their Lordships have been pleased

to uphold the legality of the list prepared by the selection committee of the Bank constituted for the purpose of permanent absorption of the temporary employees. Their Lordships have been pleased to reject the contentions that the order terminating services of non-selected temporary employees amounts to retrenchment. Their Lordships have dismissed the Writ Appeal, upholding the selection list and rejecting all the contentions of the writ petitioners who were not selected by the selection committee.

14. The points for determination involved in the writ petition before the Hon'ble Single Judge and the Hon'ble Bench of our Hon'ble High Court are identical with the points for determination involved in the present reference. Thus the matter involved in the present reference has been concluded by the decisions of our Hon'ble High Court. The Presiding Officer of this Tribunal is a humble subordinate judge. Can he come to a different conclusion? God forbid.

15. In view of the conclusion I have reached above on the basis of the decisions of our Hon'ble High Court, I have not chosen to refer to the authorities submitted by both the learned counsel.

16. For the aforesaid reasons I pass the following :—

APPEARANCES :

For the Management.—Shri Bandodkar, Advocate.
For the Workmen.—Shri Bandekar, Advocate.

INDUSTRY : Mining STATE : Goa.

Bombay, the 4th day of October, 1991

AWARD

The Central Government has referred the following industrial dispute to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication;

"Whether the action of the management of M/s. Bandekar Bros. Pvt. Ltd., Vasco-da-Gama in retrenching 89 workmen (as per annexure) out of 98 workmen of Pale Iron Ore Mine with effect from 7-11-1989 is justified. If not, to what relief the said workmen are entitled ?"

2. The workmen were originally represented by the Goa Mining Workers' Union (hereinafter 'the first Union'). During the pendency of the Reference Shri Bandekar, Advocate, who was representing the first Union made an application for permission to withdraw his appearance for the reason that the Workmen had left the first Union and joined the Goa Mining Labour Welfare Union (hereinafter 'the second Union'). The second Union also made an application on 18-2-1991 requesting to be made a party to this Reference in view of the aforesaid event. Subsequently the Management and the second Union reached a settlement on 11-6-1991. They have moved this Tribunal to make an Award in terms of the settlement.

3. Shri Bandekar was allowed to withdraw his appearance for the first Union. Notices were issued to both Unions and the Management regarding the application dated 18-2-1991 and the settlement. Shri Bandekar, Advocate has appeared for the Management. Neither Union has turned up. I allow the application dated 18-2-1991 and make the second Union also party to the reference. I am satisfied that the settlement is voluntary and fair to both sides. Accordingly I make an award in terms of the settlement so far as this Reference is concerned. A copy of the settlement shall be annexed to the Award. No order as to costs of the Reference.

SHORT RECITAL OF THE CASE

The Management of Bandekar Brothers Private Limited having their Head Office at Vasco da Gama, Goa due to the financial difficulties and some other unavoidable circumstances issued notices of Retrenchment/Termination to the employees working at Pale Mines and Kotumbhi Plot. At the time of retrenchment/termination, the workmen were members of Goa Mine Workers Union (CITU). The said Union raised an Industrial dispute which is pending in the Central Government Industrial Tribunal No. 1 being CGIT No. 26 of 1980. Subsequently, the workmen resigned from the said Union and became members of Goa Mining Labour Welfare Union (AITUC).

The Goa Mining Labour Welfare Union approached the Management on several occasions with a view to find an amicable solution to the various pending issues between the Management and the workmen.

A series of meeting were held between the representatives of the Union and the Management. Since no solution could be arrived at, both the parties approached the Assistant Labour Commissioner (Civil Conciliation Officer), Vasco da Gama, with a request to intervene in the matter.

The dispute was admitted in conciliation today i.e. 11-6-1991. After discussions taking into account all the relevant factors and circumstances, the following mutually acceptable settlement was arrived at :

TERMS OF SETTLEMENT

1. It is mutually agreed between the parties that all the workmen, who were employed at Pale Mines and Kotumbhi Plot, whose services were retrenched/terminated as per the details mentioned in Annexure 'A', shall be paid compensation equivalent to 75 days wages for every year of service from the date of joining till the date of signing of this settlement. The said 75 days shall include retrenchment compensation and Gratuity.

It is mutually agreed between the parties that all the monetary amount due to the workmen on the date of retrenchment/termination such as Notice Pay, Unpaid wages, Bonus, Encashment of unavailled Privilege Leave, Overtime and Incentive wages remaining unpaid, proportionate medical benefit remaining unpaid, unpaid canteen subsidy etc., shall be paid to the workmen besides what is stated in para 1 of this settlement.

It is mutually agreed between the parties that the workmen covered under the settlement shall be treated as retired under the Voluntary Retirement Scheme and they shall be deemed to have been relieved from the employment of the employer from

the respective date of retrenchment/termination/loss of lien of services as mentioned in Annexure 'A'.

4. It is mutually agreed between the parties that the total amounts due to each workmen under the present VRS Scheme has been worked-out as per above shown in Annexure 'B' attached hereto and which forms part of this settlement.
5. It is mutually agreed between the parties all the cases either Criminal, Civil or Labour pending between the Management and the workmen and/or Union in respect of issues arising out of employment and pending before various Courts shall be withdrawn and/or consented for disposal.
6. It is mutually agreed between the parties that they shall jointly file copy of the settlement and constant terms before the Presiding Officer, Central Government Industrial Tribunal No. 1, with whom the reference under CGIT No. 26 of 1980 is pending for disposal of dispute in terms of the present settlement.
7. It is mutually agreed between the parties that the amounts due to the workmen as mentioned in the Annexure 'B' shall be paid as follows :—
 - (a) The Management shall pay an amount equivalent to 60 days wages to the workmen as follows :—
 - (i) Rs. 1,000 on 20-6-1991
 - (ii) Rs. 1,000 on 20-7-1991
 - (iii) Rs. 1,000 on 20-8-1991
 - (iv) Balance on 5-9-1991 on submission and of clearance certificate from appropriate authorities.

However, all workmen whose total amount due to them works-out to Rs. 40,000 or less shall be paid the entire dues on or before 5-9-1991.

- (b) The Management shall pay the balance amount equivalent to 15 days wages and other dues to other workmen on 31-12-1991. The details of payments to be made under this clause is contained in Annexure 'C'.
8. It is mutually agreed between the parties that the Management shall pay the amount in instalments due to the workmen on the dates mentioned above. Should the Management fail to pay the instalments on the due dates, interest @ 18% shall be paid to the workmen till the date of payment for such instalments.
9. It is mutually agreed between the parties that should the Management fail to pay the instalment even one year after the due date, the workmen shall not be treated as having retired under VRS but shall be treated as having been retrenched under the provisions of Section 25(F) of Industrial Disputes Act, 1947.
10. It is mutually agreed between the parties that this settlement shall be applicable only to those

workmen whose names are mentioned in the Annexure attached to this settlement. The Union agrees not to raise any dispute regarding those workmen of Pale and Kotumbi Plot, who have been already relieved/retired voluntarily from the services before signing of this settlement.

11. It is mutually agreed between the parties that all loan instalments due to the M/s. Bandekar Brothers Co-Operative Society/Goa State Co-Operative Bank/Bicholim Urban Co-Operative Bank, already deducted from the wages of the workmen by the employer shall be paid by the employer to the said Society and/or Goa State Co-Operative Bank and/or Bicholim Urban Co-Operative Bank. It is further agreed that the workmen shall in no way be liable to pay the amounts already deducted from their wages as well as interest thereon.
12. It is mutually agreed between the parties that the workmen who are provided with quarters at Pale Mines shall vacate the quarters on or before 5-9-1991 before accepting the payment stated in clause 7(a)(iv). It is further clarified that in case the Management wants the quarters to be vacated prior to 5-9-1991, the Management shall arrange to pay the entire dues of the said workmen prior to vacating the quarters, it is also agreed that the cases filed against those workmen in the Civil Court, Bicholim, shall be withdrawn on vacating the said quarters and the orders, if any, passed by the said Court shall not be executed.
13. It is mutually agreed between the parties that the workmen who are covered under this Settlement shall be considered for all purposes as Voluntarily Retired and they will have no claim for re-employment and/or for reinstatement in the Company.

AWARD

The Central Government by their order No. L-41011/71/89-IR(DU) dated 27-7-1990 have referred the following industrial dispute to this Tribunal for adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947.

“Whether the action of the employer of Western Railway in deduction of the pay of Senior Drivers to that of Juniors w.e.f. 14-8-1988, is justified? If not, what relief the concerned workmen are entitled to?”

2. The Divisional Secretary of the Paschim Railway Karmachari Parishad, i.e. the Union filed his statement of claim (Ex. 2) challenging the said action of the Railway Management.

3. The Railway Management filed their written statement (Ex. 3) in support of their action in question.

4. The necessary Issues were framed at Ex. 4.

5. Thereafter, while the reference was at the stage of the evidence, the Divisional Secretary of the said Union filed an application (Ex. 5) on 6-9-1991 that as their demands have already been fulfilled by the management, the present case be dropped.

6. Therefore, as the demands of the Union have already been fulfilled by the Railway Management, nothing now remains to be adjudicated. As such, the present reference stands disposed off.

7. The parties to bear their own costs of this reference.

AWARD

The Central Government by their order No. L-41012/70/90-IR(DU) dated 11-4-1991 have referred the following industrial dispute to this Tribunal for adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947.

“Whether the action of the Central Railway Administration, Victoria Terminus, Bombay, in terminating the services of Shri Ramachaudra Dungle, Bunglow Peon, with effect from 11-12-1989 is justified? If not, what relief he is entitled to, and from what date?”

2. The case of the workman named above, as disclosed from the statement of claim (Ex. 2) filed on his behalf by the General Secretary of the Madhya Railway Karamchari Sangh, in short, is thus :—

The above said workman was engaged in the service of the Central Railway on 8-8-1989. His services were terminated without assigning any reason with effect from 11-12-1989 orally. The person junior to the said workman was engaged in service in place of the workman, and as such, the provisions contained in Rules 77 and 78 of the Industrial Disputes (Central) Rules 1957, were not followed. The break given to the services of the workman in question was artificial and malicious. As such, the workman is required to be reinstated in service with effect from 11-12-1989 with full back

wages of the period in question. The Principle of "last come first go" was not followed in the present case. The said workman had put in 126 days' continuous service, and as such, had attained the status of a temporary workman. His services could not have been terminated without following the provisions of Paras 2505 and note thereunder, of 2301 and 2302. Further, a 14 days' notice was required before the termination of his services. As such, the termination of his services are bad in law. The Union therefore prayed that this Tribunal should direct the Railway Administration to reinstate the said workman in service with full back wages, and he should be granted the other necessary reliefs.

3. The notices of the present reference were issued to the said Union and to the Railway Management. Accordingly, the representative of the Union appeared before this Tribunal and filed the necessary statement of claim on 18-7-1991 in support of the case of the workman. The notice of the reference was duly served upon the General Manager Central Railway, Bombay, and the necessary A. D. receipt was received by this Tribunal. However, nobody on behalf of the Railway management appeared before this Tribunal since 14-5-1991 till today. While filing the statement of claim before this Tribunal, the Union had given a xerox copy thereof to the Railway management, and the Railway management, duly acknowledged it by making the necessary endorsement in that respect on the copy of the statement of claim retained by the Union after giving one copy to the management. Therefore, as the Railway management remained absent since the beginning, the reference was required to proceed ex-parte against the Railway Management.

4. The workman Shri Ramachandra Dungle filed his affidavit (Ex. 3) in support of his case, and in substance stated therein thus :—

He was engaged as a substitute Bunglow Peon in the grade of Rs. 750-940 on 8-8-1989. His services were terminated without assigning any reason and without giving any notice with effect from 11-12-1989. The post of the Bunglow Peon which he was holding, was a regular and permanent one. The vacancy had occurred due to the transfer of one Mr. Umakant Pal to Bhopal in Madhya Pradesh. As it was a regular and permanent post, he was sent for medical examination by the Railway Doctor. The Medical Officer examined him and issued the necessary fitness certificate dated 9-11-1989. He was not given the notice or the wages in lieu of the notice, and the retrenchment compensation, before he was retrenched from the service. After his retrenchment, the Railway management has appointed some other person in his place and he is continuing in the post.

5. As the Railway Management remained absent, though duly served with the notice, since the beginning, what the said workman stated in his affidavit, as above, has gone unchallenged. I therefore see no reason to disbelieve any of the statements made by him in his affidavit.

6. As per Rules of the Railway Establishment Manual (Page 765) a substitute should be given the temporary status after having worked for 4 months. In the present case, the above said workman has worked for 126 days. Therefore, the said workman had attained the status of a temporary workman. A temporary workman is entitled to all the rights and privileges admissible to the temporary Railway Servants. Such as the notice of termination of services etc. (Vide page No. 771 of the said Manual). Under the Rule 2302 of the old Railway Establishment Manual, the services of the temporary Railway Servant shall be liable to termination on 14 days' notice by either side. In the present case, the Railway Administration has not given any such notice to the workman prior to the termination of his services.

7. Therefore, as notice is to be given as per the Rule to the workman who had attained the status of a temporary workman, his termination of services by the Railway Administration is not just, proper and legal. He is therefore entitled to reinstatement in service.

8. The following Award is therefore passed.

AWARD

9. The action of the Railway Administration, Victoria Terminus, Bombay, in terminating the services of Shri Ramachandra Dungle, Bunglow Peon w.e.f. 11-12-1989 is not just, proper and legal.

10. The Railway Administration is hereby directed to reinstate the workman in service immediately with effect from 11-12-1989 and to pay him all the arrears of his wages of the post of the Bunglow Peon then held by him with effect from 11-12-1989 and onwards.

AWARD

The Central Government has referred the following industrial dispute to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication :—

"Whether the action of the management of Cantt. Board, Aurangabad in terminating the services of Shri Ramkumar Techchand Lahot, Safaiwalla w.e.f. 1-6-1988 is justified? If not, to what relief the concerned workman is entitled to?"

2. The Workman was duly served with notice of the Reference on 11-2-1991. He did not care to put in appearance on the next date of hearing (that is on 14-3-91). Thereafter the matter has been adjourned 5 times. However he has not turned up in person or filed his statement of claim. The Management have filed their written statement on 28-2-1991, affirming that the Workman's services were terminated after holding a proper inquiry. In the

circumstances of the case, I make an award rejecting the reference for want of prosecution. There will be no orders as to costs.

INDUSTRY : Medicine STATE : Maharashtra

Bombay, dated the 9th day of October, 1991
AWARD

The Central Government has referred the following industrial dispute to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication :—

"Whether the demand of the Govt. Medical Stores Employees Union, Bombay that Shri R. A. Sarvankar, Senior Packer and Shri S. S. Jadhav machine operator of Govt. Medical Store Depot, Bombay Central be declared as Senior to Shri G. K. Gaikwad, fitter and be granted promotion to the post of Labour Supervisor in place of Shri G. K. Gaikwad who was promoted from 12-2-1985 is justified? If yes, to what relief Sarvashri R. A. Sarvankar and S. S. Jadhav are entitled to and from what date?"

2. In this matter the employer is the Government Medical Store Depot, Bombay, which is concerned with the manufacture and distribution of Drugs to various Hospitals and Government Agencies. It works under the Ministry of Health and Family Welfare of the Government of India. Government Medical Store Depots (Group C and Group D posts) Recruitment Rules 1983, inter alia lay down the manner of promotion of employees in Grade C and D posts. This dispute relates to the post of a Labour Supervisor, which was to be filled in by promotion on depot basis by holding a departmental test or otherwise by direct recruitment. Machine Operators, Fitters and Packers with 3 years service in these Grades were eligible for promotion. A Committee called Departmental Promotion Committee hereafter, 'the D.P.C.' selects candidates for promotion.

3. Of the three workmen involved in this dispute, Sarvankar was working as a Senior Packer from 27-10-1977, Jadhav as Machine Operator from 1-1-1978 and Gaikwad as Fitter from 1-7-1981. The D.P.C. selected Gaikwad for promotion and he has been working as Labour Supervisor from 12-2-1985. These facts are not in dispute.

4. The case of the Government Medical Stores Employees' Union (hereinafter 'the Union') who are espousing the cause of Sarvankar and Jadhav is that the selection of Gaikwad for promotion is bad for the following reasons :

(i) The D.P.C. was not validly constituted, inasmuch as an Outsider Officer was not appointed on the committee as required by Rules.

(ii) The D.P.C. went wrong in selecting candidates without holding a written test.

(iii) Both Jadhav and Sarvankar were senior to Gaikwad and as such they should have been preferred to Gaikwad.

5. The Union now claim a declaration that Sarvankar and Jadhav are senior to Gaikwad and that they should be promoted to the post in place of Gaikwad.

6. The Management have filed their written statement, resisting the claim of the Union. They deny that the constitution of the D.P.C. is vitiated in any way. According to them, nomination of an outsider on the D.P.C. is not mandatory. They point out that in the present case, the post was reserved for a candidate belonging to a Scheduled Caste and asasmuch as Sarvankar belongs to a Scheduled Tribe, he could not be considered for the post. Jadhav and Gaikwad were the only candidates eligible for consideration. According to the Management, a candidate for the post has to be a Matriculate and should have experience of controlling large gangs of labour and organising their jobs. As neither Jadhav nor Gaikwad was a Matriculate, the D.P.C. decided to dispense with this qualification. Regarding the second criterion, the D.P.C. considered Gaikwad better equipped than Jadhav and selected him for the post. They deny that the selections process involved a written test also. They also deny that Jadhav is senior to Gaikwad. In this regard, they point out that Jadhav and Gaikwad have put in total service of 17 and 14 years respectively. On these premises, the Management justify their action of promoting Gaikwad in preference to Sarvankar and Jadhav.

7. The parties have not adduced any oral evidence. They have filed copies of the relevant provisions, dealing with recruitment to the post of Labour Supervisor. The parties have submitted written arguments and also supplemented them by their oral submissions. It is an admitted position before me that none of the three aspirants is a Matriculate and that written test was not held by the D.P.C. The Union however conceded before me during the course of the arguments that the D.P.C. had dispensed with the requirements relating to the academic qualifications of the candidates and holding of test and that the Union does not challenge the validity of these acts, as that was done in the interests of the Workmen. I am, therefore, not called upon to give decision on these two aspects.

8. The following points only now survive for determination. I am giving my findings also against them.

Points for determination	Findings
1. Was the Management justified in ignoring the seniority of Sarvankar, Jadhav and Gaikwad in the grades of Senior Packer, Machine Operator and Fitter respectively	: Not Justified.
2. Is the action of the D.P.C. in omitting to take an outsider as member on the committee justified?	: Not Justified Justified as against Sarvankar.

3. In the order of the Management promoting Gaikwad in reference to Jadhav and Sarvankar justified?

4. What relief and costs?

ot justified,
So far as Jadhav
is concerned.
See last para.

REASONS FOR FINDINGS

9. Point No. 1 : The Management have not produced any record of the proceedings before the D.P.C. The dates from which the three aspirants were working in the grade of Senior Packer/Machine Operator/Fitter, asstated in para 3 supra, are not disputed before me. What is submitted seriously before me on behalf of the Management is that because the Rules prescribe that the candidates should possess experience of controlling large gangs of labour and organising jobs of Workmen (please see column 8 of item 26 of the Rules, covering the post of Labour Supervisor), the D.P.C. took into consideration the total length of service put in by the aspirants and because Gaikwad had put in 34 years of total service as against Jadhav's 17 years and was considered better equipped for the job, he was preferred to Jadhav.

10. Here I may advert to one more admitted position. According to the Roster system, the post to be filled was reserved for Scheduled Castes only. Gaikwad and Jadhav belong to this class, whereas Sarvankar is a member of Scheduled Tribes. So Sarvankar was not in the run at all. The tie was between Gaikwad and Jadhav only.

11. Reverting to the submissions of the Management, the first obstacle is that they have not produced the record of D.P.C.'s proceedings. It is, therefore, not possible to know what exactly weighed with them in preferring Gaikwad to Jadhav. Column No. 8 of the Rules prescribes the qualifications for direct recruits only. So far as promoters are concerned, column No. 12 applies. It provides for 3 years regular service as Machine Operator/Fitter/Senior Packer. This shows that in case of promotions, their service in these particular grades is more essential than their total length of service. Now if Gaikwad with his long span of 31 years as Labourer was required to wait till 1-7-1981 to become Fitter, while Jadhav became Machine Operator on 1-1-1978 after putting in 10 years service only, it cannot be reasonably inferred that the former was better equipped for controlling big gangs of Labour or organising their jobs. Be that as it may, in view of the express provisions of column no. 12 the Management were not justified in ignoring the seniority of the aspirants in the grades of Machine Operator/Senior Packer/Fitter and preferring Gaikwad who had just completed 3 years minimum span in the Fitters grade at the time of his promotion. I answer point No. 1 accordingly.

12. Point No. 2: Column No. 13 prescribes that the D.P.C. must include "an outside officer from the Central Government Office located at the station" as a member. Now the obvious object is to ensure fairness in the selection process. The Management went clearly wrong in not complying with this salutary provision. There is also no justification offered, except that the provision is not mandatory. This is a lame excuse. I hold that the Management were not justified in ignoring the provisions of column No. 13.

13. Point No. 3 : For the reasons stated above, the order of the Management preferring Gaikwad to Jadhav (both of whom belonged to Scheduled Castes) is not justified. Of course, Sarvankar could not be considered for the post, as he did not belong to that category. On the materials available, I hold that Jadhav was entitled to be promoted as Labour Supervisor with effect from 12-2-1985. It appears that Gaikwad has retired on 1-7-1987 and Sarvankar has since been promoted in his place. The correct position would be to promote Jadhav with effect from 12-2-1985. I find accordingly. I do not think it just or expedient to revert Sarvankar also, because the Management themselves have taken that action. Sarvankar will however have seniority in Labour Supervisor's Grade from 1-7-1987, and Jadhav from 12-2-1985. Jadhav will also be entitled to get his back wages and other service benefits on the basis that he stood promoted as Labour Supervisor with effect from 12-2-1985.

14. Point No. 4 : I make the following Award :

Workmen Jadhav, Sarvankar and Gaikwad will have seniority in the grade of Machine Operator/Senior Packer/Fitter from 1-1-78, 27-10-77 and 1-7-1981 respectively. Jadhav and Sarvankar will have seniority in the grade of Labour Supervisor from 12-2-1985 and 1-7-1987 respectively. The action of the Management declining promotion to Jadhav as Labour Supervisor is not justified and hence set aside. Instead Jadhav shall be deemed to have been promoted as Labour Supervisor with effect from 12-2-1985 and shall be entitled to back wages and other service benefits on that basis. The Management shall pay Rs. 200 as costs to Jadhav and bear their own. Sarvankar will bear his own costs.

AWARD

The Central Government by their order No. L-40012/60/89-IR(DU) dated 5-10-1989 have referred the following industrial dispute to this Tribunal for adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947.

"Whether the action of the Asstt. Supdt. of Post Offices West Sub-Division Pune, in relation to its Talegaon-GH Post Office in terminating the service of Shri Gorakh Pandurang Pandit, a Postman working at Talegaon-GH, with effect from 6-12-1987 is justified ? If not, what relief the workman is entitled to ?"

2. The case of the workman Shri G. P. Pandit as disclosed from his statement of claim (Ex. W-2) filed by him in person, in short, is thus :—

He was in service with the Post Office Talegaon, Dist. Pune as a postman since 1-9-87. Prior to that he was in service of the Postal Dept. as an Extra Departmental Delivery Agent at Bori Pardhi, Dist. Pune, since October 1964. After having passed the examination of the postman, he was posted at Lonavala as a postman on 17-1-1987. Thereafter, he was not keeping good health and as such, he was required to go on leave often and again. He had submitted the necessary applications for his leave to the authority concerned, as and when required. As he was a little bit more sick, he had approached the Medical Officer of the Public Health Centre at Nangaon, Dist. Pune, for necessary medical treatment. The Medical Officer issued the necessary medical certificates and advised him the rest for one month. The workman forwarded that medical certificate to the Postal Authority concerned. As per that medical certificate, he was entitled for leave from 19-9-1987 to 19-10-1987. However, the Postal Authorities disbelieved the contents of that medical certificate, and asked him by their letter dated 3-10-1987 to appear before the Medical Officer of the Sasoon Hospital, Pune, for necessary check-up and for the necessary medical certificate. Accordingly he appeared before the Doctor of the Sasoon Hospital on 26-10-1987, who duly examined him. He asked the Medical Officer to give him the necessary medical certificate. However, the hospital authorities told him that the medical certificate would be sent by them directly to the postal authorities. The workman informed the authorities of the Postal Department about his treatment in the Govt. Hospital. The workman further requested the Superintendent of the Postal Authorities to consider him for the post of a packer.

However, the workman was informed by the Postal Authorities on 2-11-1987 that his services in the Post Office were terminated. As the workman was then bed ridden, he could not reply to that letter immediately. Thereafter, he approached the Postal Authorities at Talegaon, and requested them to allow him to resume his duties there, but he was not allowed to join the duties there. Thereafter, he approached the Asst. Labour Commissioner (Central), Pune in the matter. As the conciliation proceedings ended in the failure, the Central Government made the reference as above. The workman therefore, lastly prayed that this Tribunal should direct the Postal Authorities to reinstate him in service from the date of termination of his services, i.e. 6-12-1987, and he be paid all his back wages.

3. The Assistant Superintendent of Post Offices, Pune, by his written statement (Ex. M-3) opposed the said claim of the workman, and in substance contended thus :—

The said workman was appointed as a postman at Lonavala with effect from 17-1-1987. As per the terms and conditions of the appointment letter, he was appointed as a temporary postman, and as such, was governed by the Central Civil Services (Temporary Services) Rules and the Recruitment Rules for village postman and Mail Guards according to which he was on probation for two years. He used to remain absent frequently due to his ill-health, and as such, he was not in a position to discharge his duties as a postman. He was recommended leave by the Medical Officer Magaon. Thereafter the Postal Authority directed the workman to appear before the Civil Surgeon of the Sasoon Hospital, Pune, for second Medical Opinion. It is not known whether in fact he appeared before the Civil Surgeon as no communication was received from the Sasoon Hospital about his medical examination. Therefore, the workman's statement that he appeared before the Civil Surgeon is not true and correct. He was remaining absent frequently, and finally he remained absent continuously from 2-9-1987 till the date of his discharge from service on 5-12-1987. He was discharged from service by the order of the Postal Authority dated 2-11-1987. As the workman was not in a position to perform the normal duty due to the ill-health, and as he was still in the probationary period of two years, he was not found fit to continue in service and was therefore discharged from service under Rule 5 of the Central Civil Services (Temporary Services) Rules, 1965. This discharge was therefore a discharge simpliciter, and not by way of penalty for any misconduct on the part of the workman. As such, there was no question of issuing any charge sheet to him or of holding any regular inquiry against him before his discharge. As the workman was discharged simpliciter from service, there is no question of his reinstatement in service. The Postal Authority therefore

prayed for the rejection of the workman's prayer for reinstatement in service.

4. The Postal Authority further contended thus :—

In case this Tribunal would hold that the discharge of the workman was by way of punishment and that such action should have been taken only after issuing the necessary charge sheet and holding the necessary inquiry, this Tribunal should hold an inquiry a fresh.

5. The Issues framed at Ex. 11 are :—

- (1) Whether the workman Shri Gorakh P. Pandit was discharged simpliciter, and not by way of any punishment by the Postal Authorities, Poona ?
- (2) Whether the said workman is entitled to reinstatement in service of the Postal Authorities.
- (3) To what further relief, if any, he is entitled?
- (4) What Award ?

6. My findings on the said Issues are :—

- (1) No.
- (2) Yes.
- (3) As per Award below.
- (4) As per Award below.

Reasons

7. Shri S. V. Ingle, the Assistant Superintendent of Post Offices, Pune, filed his affidavit (Ex. M-28) in support of the case of the postal management, and he was cross examined on behalf of the workman. The workman Shri G. P. Pandit filed his affidavit (Ex. W-30) in support of his case, and he was also cross examined on behalf of the management. The documentary evidence on record, and my observations thereon are thus :—

- (a) Ex. 12 is the letter dated 15-1-1987 by the Assistant Superintendent of Post Offices Pune, addressed to the workman Shri G. P. Pandit, who was then working as an Extra Departmental Delivery Agent at Bori Parldhi, Distt. Pune. By this latter the workman was directed to take charge of the post of a Postman at Lonavala immediately. This letter which is in Marathi stated that his appointment was of a permanent nature at Lonavala. The material Marathi sentence is thus :—

“लोनावला गेडे कायम स्वरूपाती नेमणक आहे”.

This sentence as interpreted by the management is that the workman was posted at Lonavala permanently. Thus, according to the management, this letter did not mean that the appointment of the workman was of permanent nature at Lonavala. However, as I read that letter and that Marathi sentence, I find that that sentence meant that the workman Shri G. P. Pandit's appointment was of a permanent nature, i.e. his service at Lonavala was of a permanent

nature, and not that he was posted at Lonavala permanently. A Government employee is liable to be transferred from any place after a few years. Hence it cannot be said that by this letter the workman was to be posted at Lonavala only, permanently. According to the management, the workman was posted on probation as a Postman at Lonavala. However, in the absence of any wording in that letter that his appointment was on probation, I find that his service to be posted at Lonavala was of permanent nature. Accordingly, the said workman took over as a Postman at Lonavala.

- (b) Ex. W-14 is a copy of the transfer order issued by the Sub-Postmaster Lonavala on 11-2-1987. By this order the workman Shri G. P. Pandit was appointed as a Postman at Lonavala with effect from 17-1-87, vice Shri S. N. Nimbalkar transferred. This letter also did not state that the said workman was posted at Lonavala on probation.
- (c) Ex. W-15 is the medical certificate issued by the Medical Officer of the Public Health Centre, Nangaon, recommending one month's sick leave from 19-9-1987 to the said workman, as he was suffering from Infective Hepatitis. According to the workman, during the year 1987 he was not keeping good health, and as such, was required to proceed on medical leave often and again. Accordingly the workman did not attend the duty from 19-9-1987.
- (d) Ex. W-16 is the letter dated 3-10-1987 by the Assistant Superintendent of Post Offices, Pune, addressed to the workman regarding his unauthorised absence from duty. This letter stated thus :—“You are absent from duties without proper and prior permission, with effect from 19-9-1987. Further, it is seen that you are unable to perform your day to day duties satisfactorily. The medical certificate issued by the Medical Officer Nangaon Hospital is sent back to you. You are hereby directed to appear before the Superintendent of the Sasoon Hospital, Pune for your medical examination on the next day of the receipt of his letter by you, failing which the disciplinary action will be initiated against you.” According to the management, the said workman was later on discharged simpliciter from service, and that he was not discharged from service by way of any punishment. However, this argument of the management cannot be accepted because an allegation was clearly made against the workman in the said letter dated 3-10-1987 (Ex. W-16) by the Assistant Superintendent of the Post Offices, Pune, that the workman was not performing his duties satisfactorily and further that the disciplinary action would be taken against him in case he would fail to appear before the Superintendent of Sasoon Hospital for his medical examination. A copy of the said

letter was forwarded by the management to the Superintendent of the Sasoon Hospital for necessary action in this matter. According to the workman, he had accordingly appeared before the Medical Officer of the Sasoon Hospital.

- (e) Ex. W-18 is the receipt showing that an amount of Rs. 8/- was received by the Sasoon Hospital from the workman on 26-10-87 towards the examination fees. However, no medical certificate issued by the Sasoon Hospital, if any, regarding the medical examination of the workman is on record.
- (f) Ex. W-17 is a further letter dated 14-10-87 sent by the Asst. Supdt. of Post Offices' Pune to the workman regarding his unauthorised absence. This letter also stated thus :—"We did not receive any reply from you to our previous letter dated 3-10-1987, nor did you resume your duty. It seems that you did not appear before the Supdt. of the Sasoon Hospital for your medical examination. In case we do not get any reply from you within three days, the disciplinary proceedings would be started against you, and you would be removed from service". Thus, this letter also stated that the management would take the disciplinary action against the workman in case he would not reply to the letter of the management. Therefore in view of the wording of the said letter and of the earlier two letters, the contention of the management that the workman was discharged simpliciter from the service, cannot be accepted.
- (g) Ex. W-19 is an application dated 31-10-87 by the workman to the Director of Postal Services, Pune. By this letter the workman informed the Postal Authority that as he was little educated, and as he could not understand English properly, he was finding it difficult to discharge his duties as a Postman, that he is not keeping good health, and as such, the work of a packer be assigned to him.
- (h) Ex. W-20 is the order dated 2-11-1987 issued by the Asstt. Superintendent of the Post Offices that a notice was thereby given to the workman Shri Pandit that his services would stand terminated with effect from the date of the expiry of the period of one month from which that notice would be received by him. As such the services of the said workman were terminated by the Postal Authorities by the said order dated 2-11-1987 (Ex. W-20). The services of the workman came to be terminated with effect from 6-12-1987.

8 According to the management, the workman was discharged from service under Rule 5(1) of the

Central Civil Services (Temporary Services) Rules 1965. This Rule 5(1) states that the services of a temporary Government servant who is not in a quasi permanent service shall be liable to be terminated at any time by a notice in writing of one month by the appointing authority to the Government servant. Therefore, the services of a temporary Government servant can be terminated under Rule 5 by giving him one month's notice. In the present case, as noted above, the letter of appointment dated 15-1-1987 (Ex. W-12) by the Asst. Supdt. of Post Offices clearly stated that the service of the workman was of a permanent nature at Lonavala. There is no documentary evidence on record to support the contention of the management that the said workman was on probation as a postman at Lonavala. Further, the workman was in continuous service of the Postal Department since 1964 as an Extra Departmental Delivery Agent till he was posted as a Postman in January 1987. This fact is admitted by the management also. Therefore, the previous service of 22 years of the said workman cannot be ignored while passing the order of the termination of his services by the management. I find that as the workman was in continuous service of about 22 to 23 years prior to the termination of his services in December 1987, he was atleast in a quasi permanent service in the Postal Department, and as such, the provisions of the abovesaid Rule 5 did not apply to the termination of his service.

9. As noted above, the allegations were made against the workman in the earlier letters regarding his unsatisfactory work and his habitual absence. It is not the case even of the management that prior to 1987, the workman used to remain absent often and again. Therefore, in view of the said two allegations against the workman who was in continuous service of the Postal Department for more than 22 years, the necessary inquiry should have been held regarding the two allegations, after having issued the necessary chargesheet to him in that respect, and after having given proper opportunity to him to defend himself in that inquiry proceeding. Admittedly, no such inquiry has been held against him, which was necessary in the present case, in view of the stigma attached to his service record, as above. Therefore, the workman could not have been discharged from service simpliciter and in fact, he was not discharged simpliciter, but was removed from service by way of a punishment. Issue No. 1 is, therefore, found in the negative.

10. Therefore, the action of the management in terminating the services of the workman with effect from 6-12-1987 is not just and proper. As such the workman is entitled to reinstatement in service. However, the workman has filed an application to the Postal Authority on 31-10-1987 (Ex. W-19) that as he is little educated and does not understand English properly he may please be assigned the work of a packer. Therefore, the Postal Authority can be directed to reinstate the workman in service and to post him as a packer.

11. The following Award is, therefore, passed.

AWARD

12. The action of the Asst. Suptd. of Post Offices West Sub-division, Pune, in relation to its Telegra-

GH Post Office in terminating the services of Shri Gorakh Pandurang Pandit a Postman working at Telegaon-GH with effect from 6-12-1987, is not just and proper.

13. The Postal Authority is hereby directed to reinstate the said workman in service immediately with effect from 6-12-1987 and post him as a Packer at any place, preferably in Distt. Pune, and to pay him the arrears of the back wages of the post of the Packer due from 6-12-1987 onwards.

14. The parties to bear their own costs of this reference.

AWARD

The Central Government by their order No. L-41012/72/90-IR(DU), dated 11-4-1991 have referred the following industrial dispute to this Tribunal for

adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947.

“Whether the termination of Shri N. B. Joshi, Cook from service with effect from 6-10-1989 by the management of General Manager, Central Railway, Bomoay is justified? If not, what relief he is entitled to and from what date?”

2. The case of the workman Shri N. B. Joshi, as disclosed from the statement of claim filed on his behalf by the General Secretary of the Maohya Karmay Karamchari Sangh, Bombay, in short, is thus :—

He was employed as an Assistant Cook with the Railway management on 6-1-1989. His services were terminated orally on 6-10-1989 without assigning any reason by the railway management. However, an employee junior to the said workman Shri Joshi, was continued on service. After the services of the workman Shri Joshi were terminated, a new employee was appointed in his place, and as such, a breach of the Rules 77 & 78 of the Industrial Disputes (Central) Rules, 1957, was committed by the Railway management. The break in the services of Shri Joshi was artificial and malicious. The Union therefore prayed that this Tribunal should direct the Railway Management to reinstate the workman Shri Joshi with effect from 6-10-1989, and he be paid the amounts of all the back wages, and he be continued in service.

3. The notice of this reference was issued to the Railway management, which was duly served upon the General Manager of the Central Railway, V. T. Bombay. The necessary A.D. receipt in that respect was signed by the authority concerned of the Central Railway. While filing the statement of claim before this Tribunal, the Union had given a copy thereof to the Railway management, and the authority concerned of the Railway management put his signature on the copy of the statement of claim retained by the Union, in token of having received its copy for the Railway management. As such, the Railway management has the knowledge of the pendency of the present reference before this Tribunal. Even then the Railway management remained absent since the beginning, i.e. 14-5-1991 till today. As such, the present reference proceeded ex-parte against the Railway management.

4. The workman Shri N. B. Joshi filed his affidavit in support of his claim, and in substance stated in his affidavit thus :—

He was employed in the service of the Central Railway as a substitute Assistant Cook on 5-7-1989, and was posted to work in the Railway car attached to the Chief Commercial Superintendent's Office, Bornbay. He was holding a regular and permanent post. He was sent for medical examination to the Railway Doctor, who examined him and found him fit for the appointment. However, his services were terminated with effect from 6-10-1989 after having worked for 93 days with the Railway Administra-

tion. He was not given any notice, or any retrenchment compensation before his services were terminated. He was sent for suitability test to the Chief Catering Inspector V.T. Bombay and he satisfactorily completed the job work entrusted to him as a cook during the period of 8-9-1989 to 30-9-1989. After his services were terminated, a new employee was appointed in his place by the Railway authority, and that employee is still continuing in service.

5. As the Railway management remained absent, what he said workman stated in his affidavit, has gone unchallenged. I therefore see no reason to disbelieve any of the statements made by him in his affidavit, as above.

6. As noted above, the workman has clearly stated in his affidavit that after his services were terminated, a new employee was appointed in his place by the Railway management and that employee is still continuing in service. I therefore find that the present workman was retrenched from services. As he was retrenched from services, while appointing a new employee in his place, preference should have been given to the present employee who was retrenched from service. Instead of giving any such preference, some other person was appointed in his place. Therefore, I find that the action of the Railway management in terminating the services of the workman in question was not just and proper, and he is entitled to reinstatement in service.

7. The following Award is therefore passed.

AWARD

8. The termination of Shri N. B. Joshi, Cook, from services with effect from 6-10-1989 by the management of General Manager, Central Railway, Bombay is not just and proper.

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012(346)/86-D.III(A), dated, the 28th April, 1987.

SCHEDULE

“Whether the action of the management of Chanch Victoria Area-XII of M/s. Bharat Coking Coal Ltd. in denying to give employment to the five workmen, mentioned in the Annexure below, is justified? If not, to what relief are the concerned workmen entitled?

ANNEXURE

1. Shri Ram Padarath Mahato.
2. Shri Yaspal Singh.
3. Shri Om Prakash.
4. Shri Hardeo Singh.
5. Shri Biswanath Mondal.

2. The workman and the management have filed separate W.S. According to concerned workmen they were performing duties as delisted casual x minor loaders in Chanch Victoria Area No. XII of M/s. Bharat Coking Coal Ltd. and during the course of their employment as such they had qualified for being absorbed as badli miner/loader. They stated that the management had taken a policy decision in the year 1981 to provide all badli miner/loader job who have atleast completed 75 days attendance in a year during 1974 to 1976 in the capacity of delisted casual miner/loader in the colliery. It was stated that all the 5 concerned workmen fulfilled those conditions and they were entitled for the job of

badli miners/loaders. In this connection it was further stated that the management in the year 1981 had prepared a list of 50 delisted casual miners/loader including the concerned workmen and had circulated a notice inviting objections. The management did not receive any objection against the workman in the notice and accordingly the workmen were examined by the medical board of BCCL Chanch Victoria Area in the month of February, 1981 and they were found medically fit for the job. Thereafter the concerned workmen were expecting to receive once order from the management of BCCL. But they did not get any such order concerning their absorption as badli miners/loaders. Ultimately the union of the workmen had to raise the industrial dispute before the ALC(C), Dhanbad which ultimately ended in failure. It was stated that the management acted in a manner prejudicial to the right and interest of the concerned workmen in utter violation of the provision of the Constitution of India and the poor workmen have been made to suffer financial and other consequential loss for no fault of their own and accordingly it has been prayed that the Award may be passed in favour of the workmen with the direction to pay back wages to them as if they have been absorbed in the job of Miner/loader with effect from February, 1981.

3. The management by filing W.S. has refuted each and every claim of the concerned workmen and it was stated that the concerned persons were not the genuine workmen of the colliery. They got bogus registers manipulated with the help of the local union leaders and got their names entered as delisted/unlisted casual miners/loaders. They also showed to have worked 75 days during the period from 1974 to 1976 and they have wrongly claimed to be appointed as badli miner/loader. It was asserted that the management had examined their case but did not find their claim to be genuine and hence they were not taken as badli miners/loaders in the year 1981. Lastly it was submitted that the present reference was made on the belated claim of the concerned workmen. In the result, it has been prayed that the Award be passed holding that the concerned workmen are not entitled to any relief.

4. At the very outset it was submitted on behalf of the concerned workmen that it was for the workmen to prove that they were in the service. Since they were asserting their claims and so it was for them to probe their case. They should have produced bonus card to establish that they as workers were getting bonus from the colliery. But surprisingly enough no such card has been filed. At this stage my attention was drawn towards the evidence of WW-1 Shri Om Prakash one of the concerned workmen. The witness WW-1 has stated that the workmen were in receipt of the bonus card. He also stated that they were getting bonus irregularly. Of course they had no paper to show that actually they had worked as delisted casual wagon loader in the year 1974-75. But lastly he admitted to have been in possession of bonus card. He also agreed to file the same in the Court. The learned counsel for the management submitted that in view of such statement it was for the concerned workmen to produce Bonus card just to show that they were working as delisted casual wagon loader. It was also pointed

out that the Bonus card are prepared on the basis of Bonus Register which is maintained by the management. In the Bonus Register the days of the work done by the individual workmen are noted.

5. The learned counsel for the workmen in reply to this argument submitted that it was not necessary at all for the workmen to prove that they were working as delisted casual wagon loader. It was also submitted that virtually these poor workers are not in possession of such papers rather all the important papers are in possession of the management concerned. At this stage reference was made to the evidence of Shri S. C. Paul, MW-1 who stated that in the year 1980 the management had taken a policy decision to engage delisted casual wagon loaders as badli miners/loaders provided they had put in more than 75 days of attendance during the period from 1974 to 1976. The witness also stated that Bonus Register was seized by the Vigilance department and the CBI which were found to have been manipulated. It is stated on behalf the management that the said Bonus Register was manipulated by the workmen and their union leader but virtually there is nothing to substantiate this fact. I find that no such Bonus Register has been filed and contrary to that it has been stated by WW-1 that those registers were seized by the CBI and Vigilance. He has simply proved the seizure list which is Ext. M-1. I had looked and examined the document which is seizure memo and the particulars of the document seized reads as follows :—

SEIZURE MEMO

1. Case No.	1 : RC. 2185(D) of SPE. CBI DHANBAD.
2. Date of seizure	2 : 27-5-1985.
3. Place of seizure	3 : Office of the Supdt. of Police, S.P.E. C.B.I., VII 2, Karmik Bhawan, Dhanbad.
4. From whom seized	4 : Shri R. P. Mazumdar, Personnel Officer, Jhunkunder Open Cast Project, Area XII, BCCL.
5. By whom seized	5 : Shri J. P. Verma, Dy. Supdt. of Police, SPE CBI Dhanbad.

In this way we find that there is no reference of any seizure or Bonus Register. The learned counsel for the workmen was very much in his submission that the Bonus Register was with the management and they could have used it very well to show that the concerned workmen did not work for the days as claimed by them. The witness also stated that he had not taken any step to call for the said Bonus register if at all it was seized by the CBI Dhanbad.

6. The learned counsel further submitted that the documents filed by the management are sufficient to establish the case of the workmen and in that view of the matter also it was not necessary for the workman to produce any document to substantiate their claim. The learned counsel for the workman had relied upon Ext. W-1 which is the notice issued by Shri A. K. Banerjee, Area Personnel Manager, Chancen Victoria Area. The notice consists of 15 names of delisted casual wagon loaders in which the names of the concerned workman appear at Sl. No. 1, 11, 13, 14 and 15. The notice speaks in so many words that the following delisted casual had submitted their certificates signed by the Colliery officials and union representatives functioning in the respective colliery. Their case was for deploying the delisted casual as badli miners/loaders. Accordingly by the notice it was requested that if anybody had any complain regarding their genuineness and attendance they may put their complain within 7 days from the date of the issue of this notice. In this view it was submitted that by such notice all the workmen including the concerned workmen were asked to submit complain if any regarding their genuineness including their attendance. We find that the concerned workmen had done worked for more than 75 days. Relying upon this very document the learned counsel for the workmen submitted that the Management has got no say in face of its own document.

7. The learned counsel further placed his reliance upon Ext. W-3 series which are the medical certificates duly granted by the medical board. This will show that all the concerned workmen except Shri B. Mondal were medically examined on 27-2-81 by the Area Medical Board and they were found fit for the job of underground loaders. This is suggestive of the fact that all the concerned workmen were definitely to be taken as badli miners and therefore they were medically examined and ultimately found fit by the Medical Board.

8. The second point urged by the learned counsel for the management was that in case of badli miners there can be no question of any discontinuity or breakage of the services because they are given employment according to exigency of the case. It is not that they are to work regularly like other workers. It was made further clear that Badli miners/loaders are deployed to work in place of some workers as

substitute who proceed on leave on account of illness or some other reasons. Lastly the learned counsel submitted that if the Court finds the case of the concerned workmen to be genuine then they could be directed to be enlisted on the roll of the miner as badli miner/loader and there is no question of their entitlement of any back wages. I have considered this aspect of the submission made by the learned counsel for the management which appears to have got force.

9. From the discussions made above it has abundantly made clear that the concerned workman acted as delisted casual miners/loaders during the period 1974 to 1976 and they discharged their duties as such for more than 75 days and accordingly they made themselves entitled to be enrolled as Badli miners/loaders. But since the badli miners/loaders are used as substitute so they are to work in absence of some other workers. This is also made clear that they were not to be employed regularly for the job of miner/loader and in the circumstances they cannot get any back wages. In the circumstances of the case I am to hold that they are entitled to be enrolled as badli miners/loaders since March, 1981 because they were medically examined on 27-2-81.

10. The management is directed to enroll the concerned workmen as badli miners/loaders since 15-3-1981 but there will be no payment of any back wages. Further, the management may consider the case of the concerned workman for their regularisation after completion of 190 days attendance.

An Award is passed accordingly.

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012(56)/85-D.IV(B), dated, the 3rd September, 1985.

SCHEDULE

"Whether the action of the Management of Muraidih Colliery of M/s. B.C.C.L in dismissing Shri Baiju Mahto, Pump Operator and Shri Mundrika Bhuria, Trammer with effect from 14/11/84 is justified? If not, to what relief the workmen are entitled?"

2. The occurrence was alleged to have been taken place on 11-5-83 at about 11.15 A.M when the workmen concerned led a mob consisting of about 200 persons variously armed with deadly weapons like lathi, bhalla bow and arrow to the office premises of the General Manager, Barora area with the intention to do away with the life of Shri H. N. Tripathy, General Manager of the Area. At that very point of time the members of the mob assaulted Shri Tripathy with lathi over his head as a result of which he sustained bleeding injury and he had to be admitted to Loyaband Hospital. As alleged the mob further assaulted other officers of Barora Area including one Shri K. K. Khadia, Area Manager, Personnel, Shri K. Bharadwaj, Inspector, CISF, Sher Singh, Havaldar and Bhim Singh who had rushed to rescue Shri Tripathy. The aforesaid Act prima facie constituted an act of misconduct and the concerned workmen were issued with charge sheet dated 12-5-83 Ex. M-1 and 1(1) calling upon them to show cause as to why they should not be punished for the aforesaid Act.

3. The workmen concerned were very much shocked and surprised to receive the charge-sheet which they emphatically denied characterising it as false, frivolous, motivated and concocted. They point blank refused to have led any mob armed with deadly weapons as alleged. They also denied other allegations including the assault on the person of Shri Tripathy and other officer of the area. In this view the workmen submitted their explanations (Ext. M-2 and M-2/1) denying each and every allegation and requested the

authority concerned to withdraw the chargesheet and order of suspension.

4. The explanation submitted by the workmen was considered by the management which was not found not to be satisfactory and ultimately there was an order for domestic enquiry into the matter. The domestic enquiry was also held and the report submitted. On the basis of that very report the workmen concerned were dismissed from service with effect from 14-11-84 vide Ext. M-3.

5. In this case the propriety and fairness of the domestic enquiry was adjudicated as a preliminary issue by this Tribunal and it was held that the enquiry was not fair and proper and in accordance with the principles of natural justice. In this way the preliminary issue was held against the management and the management was given opportunity to adduce evidence fresh before the Tribunal to establish the allegations against the concerned workmen. The workmen had also adduced their own evidence in defence.

6. The workmen concerned also filed their W.S. denying every allegation levelled against them branding the chargesheet as false and frivolous. They also asserted that the dismissal was illegal arbitrary, unjustified and against the principles of natural justice. Apart from that they themselves allege to be the active members of Bihar Colliery Kamgar Union. Shri Tripathy, General Manager, according to them was very much biased and prejudiced against the active members of the Bihar Colliery Kamgar Union and the reasons assigned for such biased attitude was that the father of Shri Tripathy was active leader of INTUC and there was union rivalry between the two. Besides that Shri Tripathy was convicted in a criminal case for assaulting the President of Bihar Colliery Kamgar Union and so he was always on the look out to victimise the active members of Bihar Colliery Kamgar Union.

7. The workmen further stated that on 11-5-1983 four persons died in Barora colliery due to bursting of water tank which was constructed by the management for supply of water to the Colliery workers. According to them sub-standard materials were issued in construction of water tank under the active patronage of the area management. The accident took place due to criminal negligence of the management and the workers in general were very much agitated and they protested against the negligence and carelessness of the management. The workmen stated that Shri H. N. Tripathy falsely implicated the concerned workmen to save his own skin and also to divert the attention of the higher authority. They have also stated as to how the domestic enquiry was conducted exparte leaving other norms and principles of natural justice. For these reasons it has been stated that the reference may be answered in their favour and they may be reinstated with full back wages.

8. The management reiterated their stand taken in the chargesheet and further stated that workmen concerned along with others committed serious acts of misconduct such as fighting, riotous and disorderly behaviour at the premises of office of General Manager and they had committed assault on the person

of Shri Tripathy with intent to kill him. They also assaulted other officers and after due domestic enquiry they were dismissed from service.

9. While giving parawise reply the management submitted that only one person died on 11-5-83 in Barora colliery due to bursting of water tank and it was denied that 4 persons died. They also denied that the incident occurred due to criminal negligence of the management. It was stated that the charge-sheeted workers tried to grab the opportunities to create troubles and they indulged in act of misconduct as alleged in the chargesheet. It was further stated that the chargesheet dated 12-5-1983 issued against the workmen was issued in bona fide manner.

10. Admittedly, the concerned workmen namely Shri Baiju Mahato was working as Permanent Pump operator and Mundrika Bhuria as permanent trammer at Muraidih Colliery. Bursting of water tank on 11-5-83 followed by casualty is also admitted. The workmen alleged that the workmen in general were agitated and they had protested against the negligence and carelessness of the management. In the facts and circumstances of the case the main point for consideration would be as to whether the occurrence took place in the manner as alleged and whether there is evidence sufficient enough to prove the charges against the workmen concerned.

11. First of all it was argued on behalf of the workmen that there was no material before the management to issue any chargesheet. In this connection I may refer to the FIR (W-614) which was lodged with Baghmara P. S. by Shri H. N. Tripathy. It was a typed report about the occurrence and its copy had been forwarded to different other authorities. We also find that there is an endorsement on the FIR by Shri Tripathy and addressed to the Agent Baghmara colliery for issuing chargesheet against the concerned workmen. The learned counsel for the management submitted that that was the basis for issuing chargesheet. I think this sort of endorsement on one of the copies of FIR was unwarranted and wholly against the normal procedure. Actually the Agent should have been separately directed for issuance of the chargesheet. Anyway, in my opinion this is a technical defect and not legal one and on that score it cannot be said that there was no basis for issuing chargesheet.

12. Genesis of the occurrence is the bursting of water tank of the workers colony which is an admitted fact. As regards the number of death the witnesses for the workmen have contradicted among themselves. As per W.S. four persons died but the concerned workmen stated in their evidence that 2 persons died although they were not named. One Ram Prebesh Singh (WW-2) has come to say that three persons including one Bank employee died due to bursting of water tank. In the year 1983 he was the Area Secretary of Bihar Colliery Kamgar Union of Barora Area. He also claimed to have represented the case of the deceased for compensation before the General Manager, Shri H. N. Tripathy but curiously enough he cannot remember the name of the deceased except the Bank employee. It may be noted that according to management only one Bank employee

died. The witness further stated that the dead bodies had been carried to post mortem house in Ambulance. At this stage it was rightly pointed out by the learned counsel for the workmen that the dead bodies are not carried in Ambulance. Be that as it may it is not the main issue for consideration. It is true that there was some death and according to workmen the workers in general were very much agitated and they had protested against the negligence and carelessness of the management. The sequence of the events has tendency to suggest that the workers in general would have gone to the office of the G.M. to raise the protest. This aspect of the matter stands supported from the evidence of WW-2 also who stated that he and some others including the ladies had gone to the Area Office to meet Shri Tripathy for payment of compensation but they were not heard. The witness further stated that there was some hot exchange of words also with Shri Tripathy. However, he denied to have gone in procession with deadly weapons. It looks something paradoxical when he has stated that he was implicated in this case because Shri Tripathy refused to talk with him. All these facts taken together will abundantly prove that there was occurrence. The witnesses for the management consistently stated without much contradiction that the mob abused and assaulted on the person of Shri Tripathy and others. So I am to hold that the occurrence had taken place in which Shri Tripathy and four others sustained injuries.

13. Now the next point for consideration is whether the concerned workmen had taken part in the occurrence or not. FIR in the document which for the first time came into existence after the alleged occurrence. The FIR does not speak that the mob was led by the concerned workmen. It recites that those who could be spotted assaulting Shri Tripathy were Baiju Mahato and Mundrika Bhuria and others. They have been specifically named who caused bleeding injury on the person of Shri Tripathy. Others including Shri Khadia also sustained injuries who tried to rescue Shri Tripathy. Here I would like to make a brief reference of the chargesheet which does not spell in so many words that the workmen committed assault on the person of Shri Tripathy and others. There is charge that the workmen concerned were leading a mob of about 200 persons and the mob caused bleeding injury to Shri Tripathy and others. These workmen for the first time took their plea of alibi during the course of their evidence before this Tribunal. Baiju Mahato while deposing as WW-1 stated that he had not gone with the mob in the area office on 11-5-83 any time. Mundrika Bhuria WW-3 has gone a step further stating that he was an underground workers and on the alleged day of occurrence he was on duty from 8 A.M. to 4 P.M. The occurrence took place at 11 A.M. in the day time. The witness stated further that his attendance at both the time i.e. at 8 A.M. and 4 P.M. were noted in Form C Register. In this way he has denied his very presence at the place of occurrence and the participation in the occurrence. But surprisingly enough all these ground were never taken in the W.S. It may be more surprising to note that Mundrika Bhuria as stated by him did not file any petition to call for Form C Register from the management. All these things will simply lead to irresistible conclusion that the plea of alibi was simply an after thought. WW-2

Shri Ram Prabesh Singh has denied the presence of the concerned workmen at the place of occurrence. However, the evidence of this witness has already been dealt with.

14. The management has also adduced evidence to prove the involvement of the concerned workmen in the occurrence. Shri H. N. Tripathy, MW-1 has named the workmen concerned who hurled two lathi blows but those blows were warded off by some CISF Jawans. He had sustained bleeding injury on his head and the blood stains had fallen on his shirt. The blood stain shirt has been marked material Ext. I. It was seriously canvassed for the learned counsel for the workmen that the alleged shirt cannot be taken into consideration for the simple reason that it was never produced before the I.O. during the course of investigation of the Criminal Case. Had that shirt been produced before the I.O. he must have seized the same and prepared the seizure list. Again there is nothing to show that the alleged blood stains were the stains of human blood for it was not subjected to any seriological test. The contention of the learned counsel has got sufficient force. The learned counsel in his continued argument submitted that Shri Tripathy and Shri Khadia were removed to Loyabad Hospital just to get injury report prepared according to their own choice. They did not go to the State Dispensary or the Central Hospital. Here I respectfully disagree with the contention raised by the learned counsel. Definitely one would be liked to be treated by the physician of his own confidence. Here I would like to refer the injury report (Ext. M-6/13). Shri Tripathy had sustained one swelling and one abrasion. The nature of the injury has not been stated but the dimension as stated in the injury report will simply reveal that they were simple in nature. The doctor did not find any bleeding injury as alleged by the management. If at all Shri Tripathy had any intention to get the injury report prepared according to his own choice then he could have definitely got it prepared in his own way. But the injury report simply reveals that they were very simple and superficial in nature. There is allegations that the workmen concerned wanted to kill Shri Tripathy. In my opinion this sort of allegation cannot be allowed to stand in view of such injuries. The members of the mob as alleged in the chargesheet were armed with deadly weapons like Bhalla also but no bhalla injury was found by the attending physician. If the mob or the concerned workmen had ever intended to kill Shri Tripathy they could have safely given bhalla blow on the vital part of Shri Tripathy. In this view of the matter I am constrained to hold that the workmen concerned or no member of the mob ever intended to kill Shri Tripathy.

15. Ext. M-1/12 is the injury report of Shri K. K. Khadia. The doctor had found one swelling and one bruise and body ache on his person. In this way overall assessment will reveal that these two person had definitely sustained injuries although the assailants had never intended to kill them. MW-2 Shri D. K. Singh had seen baiju mahato assaulting Shri Tripathy. He also stated as to how the members of the mob were hurling abuses holding out threats. He stated that as soon as G.M. go down from the car in the portico he was cordoned off by CISF Jawans. I think that

does not by itself will prove that Shri Tripathy could not have sustained injury simply because the Jawan protected his body by their own bodies. Just possibly Shri Tripathy sustained least blow only because he was cordoned off. The Witness cannot be disbelieved who saw the occurrence from the distance of about 10 to 15 yards.

16. Shri K. K. Khadia is one of the eye witness of the occurrence. He is the Area Manager, Technical and on the alleged date of occurrence he had gone to his office which is located in the Barora area. He had seen the workmen concerned assaulting Shri Tripathy with sticks. He and other rushed to Shri Tripathy and had given him protection by covering his body with their own body. This fact is supported by MW-3 also who stated that he had seen Baiju Mahato assaulting Shri Tripathy with lathi. It has been contended that Shri Tripathy had billigerent attitude towards the active members of Bihar Colliery Kamgar Union. It was urged that Shri Tripathy had to face criminal trial for assault on the person of Shri A. K. Roy and Shri B. K. Bakshi, General Secretary of Bihar Colliery Kamgar Union and that he was convicted. His conviction was upheld by the District Court also. So he was nursing grudge and malice against the workers of the said union. However, Shri Tripathy had stated that he was acquitted by the Hon'ble High Court. I have already held that there was an occurrence in which the concerned workmen had taken active part and therefore there was no false implication.

17. The learned counsel for the workmen lastly urged that the incident did not take place in the colliery or the colliery premises which is one of the standing order of Barora colliery. I find that no separate standing order of Barora Colliery has been filed. Anyway from the charges issued against the concerned workmen it will appear that they were called upon to state as to why disciplinary action should not be taken against them under sub-clause (e)(r)(t) and (q) of 17(1) of the Model Standing Orders. We find that sub-clause (e) of 17(1) provides that drunkenness fighting or riotous, disorderly or indecent behaviour while on duty at the place of work will constitute misconduct. Definitely the incident did not take place at the place of work and so naturally that sub-clause cannot be made applicable to the workmen concerned. But I find that there are other charges also arresting the ingredients of sub-clause (r)(t)(q) of Clause 17(1). Lastly the learned counsel submitted that the concerned workmen were dismissed by the Dy. C.M.E. At this stage my attention was drawn towards the evidence of MW-2 Shri H. N. Tripathy who had stated that the Dy. C.M.E. has no power to dismiss his workmen but if he is, authorised as Agent he has the power to dismiss the workmen. Here I would like to mention that witness did not state further that Dy. C.M.E. had no authority to dismiss the workmen. Ordinarily it is believed that Dy. C.M.E. must have been authorised before passing the order of dismissal although it was for the management to prove this fact by documentary evidence.

18. I have considered every aspect of this case I have also discussed the oral and documentary evidence and I am to hold that the management has been able to prove most of the charge levelled against the concerned workmen. I am to hold further that the con-

cerned workmen were members of the mob and they also caused injury to Shri Tripathy and others. But definitely they had never intended to kill Shri Tripathy as held above. Since there was casualty on account of bursting of water tank it was natural for the workmen in general to go in agitation against the management and at that time the mob is mostly guided by their own emotions and feelings. In the circumstances of the case I am of the view that the punishment of dismissal will be harsh punishment which definitely amounts to hanging of an accused after criminal trial. For causing simple hurt even to the high officials like the General Manager the workmen should not be dismissed rather some alternative punishment like stoppage of increment which is also one of the major penalty should be inflicted. I also find that there is no previous history of any such act on the part of the concerned workmen. In the circumstances, I feel that the ends of justice can be met by reinstating the concerned workmen in their service without payment of back wages and with permanent stoppage of one increment. However, they will get continuity of their service. The management is therefore directed to reinstate the concerned workmen in their service within one month from the date of publication of the Award. But they will not be paid anything by way of back wages and further their one increment will be stopped permanently. However, they will get continuity of their service.

This is my Award.

INDUSTRY : Insurance STATE : Maharashtra

AWARD

The Central Government has referred the following industrial dispute to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication :

“Whether the action of the management of LIC of India in not granting Special Leave to Mrs. M. S. Thakkar, Assistant from 21-2-1986 to 7-3-1986 in accordance with the Central Office, LIC of India circular dated 5-10-1972 and 26-6-1973 is legal and justified? If not, what relief the workman is entitled to?”

2. The short question on which rests the fate of this Reference is whether the accident of dog-bite to the Workman “arose out of and in the course of duty”. The material facts lie within a short compass and are not in dispute. On the material date, that is on 21-2-1986, Workman Smt. Thakkar was working as an Assistant in the Kandivali Branch of the Life Insurance Corporation of India (hereafter, ‘the Management’). On that day while she was coming to the office for work, she was bitten by a stray dog. The

mishap occurred precisely when she was entering the compound of the office premises. Development Officer, Chawhan, Section Head Smt. Teregaonkar and Record Clerk Chokshi rushed the workman to the Municipal Hospital for treatment. On the advice of the Hospital Authorities, the workman underwent a course of 14 injections and took rest at home from 21-2-1986 to 7-3-1986. She resumed duty on 8-3-1986, on being certified as fit by the Hospital Authorities. Thereafter she moved the Management in May 1986 for treating her 15 day’s absence from 21-2-1986 to 7-3-1986 as special leave, as provided in LIC circulars dated 5-10-1972 and 26-6-1973. The Management rejected the request on the ground that the accident of dog-bite did not arise out of and in the course of duty.

3. The workman submits that the view of the Management is wrong. She asserts that her absence ought to be treated as special leave. By their written statement, the Management reiterate their earlier stand adverted to above.

4. The parties have not adduced any oral evidence. Copies of the two circulars dated 5-10-1972 and 26-6-1973 are annexed to the Management’s written statement as Ex. A and B. The only question that arises for consideration is whether the accident of dog-bite arose out of and in the course of the Workman’s duty. My answer is in the affirmative. Reasons follow.

5. Of the two circulars, the first dated 5-10-1972 alone is material. Its perusal will bear out that it expressly covers all possible cases where the accident may take place within or without the office premises. What is material is not the physical situs of the accident, but the aspect whether the accident is one arising out of and in the course of duty. The undisputed facts of the case are that the Workman came to the office with the object of attending to her duty and had for all practical purposes reached the place of her work. The fact that the three office staff managed to immediately rush her to the Hospital, leaves no doubt that she had reached the premises when the accident took place. Needless to say, the provisions of the circular will have to be given reasonable interpretation and not a hypertechnical one, as the Management have purported to do. I think the Workman would have been entitled to relief, even if the dog had bitten her some distance away from the office premises. On the facts of the present case, she is clearly entitled to relief.

6. Eventually I hold that the Management’s action in declining to grant special leave to the Workman for the period 21-2-1986 to 7-3-1986 is illegal and unjustified. The Management are directed to treat her absence during the said period as special leave. The Management shall pay token cost of Rs. 200 to the Workman and bear their own Award accordingly.
